

A global accounting
association that brings
people and businesses
together

PROVIDING GLOBAL AUDIT, ACCOUNTING AND TAX SERVICES

The market dominance of the "big 4" often makes it difficult for small and medium-sized firms to thrive and make their presence felt in the international arena. As a result international accounting associations like **EAI International** are often considered to be the easiest way for independent firms to work beyond their country's borders.

At **EAI International** member firms offer a wide variety of services including audit, financial management, local and international tax advice and planning, accounting and payroll.

WHY SHOULD YOU JOIN EAI INTERNATIONAL?

EAI International is an Association made up of quality firms who serve clients requiring cross-border and international services and expertise. Joining an international accounting association allows firms to share and benefit from the knowledge of their overseas counterparts thus providing a truly valuable additional resource for them and their clients.

EURAAUDIT FACTS

Established in 1986

Association of more than 100 firms located worldwide

Represented in more than 300 towns and cities

Ranked 19th largest international association of accountants in the World

Promotes integrity, trust and generosity among members

1,800

HOW YOU BENEFIT FROM BEING PART OF EAI INTERNATIONAL...

- * Instant "global" presence through a prestigious global brand
- * Part of an association of professional practices
- * Attract international business referrals
- * Access to international specialists with first-hand knowledge and experience in the relevant jurisdiction
- * Permission to use the EAI International Membership branding
- * Ability to refer work to high quality member firms
- * Regular technical updates
- * EAI International's newsletter and access to the member's only area on the EAI website
- * Programme of regional meetings as well as an Annual International Conference
- * Access to and support from the Board and members of EAI International

Membership will allow your firm to protect its client base, project a larger image and presence locally and enable you to access a global platform upon which to promote your brand.

If your firm is innovative and wants to attract a larger international audience please speak to one of our regional managers at EAI International.
